Thanks to David, Mabel, Sharon and Myriam for a successful party! The center looked the best it has since I have been going there and everything went as planned. Rex did a great job preparing a presentation for Myriam to give and the club members all seemed to really pay attention when she was speaking.

I was wondering if there was any feedback yet on the meeting? What did the club members think of the presentation and did they raise any concerns or have questions? A main purpose of the party was to air any problems or concerns the club members had with the previous board and I didn't really see that happen unless I missed something?

Thanks again everyone and looking forward to seeing you soon.

Paul

Subject: October 25th meeting

Hi there board members,

Please attend a special community meeting next Friday, Oct. 25th. See attached for details. Hope to see all of you there. Thank you.

Best regards,
Myriam
